

Introducing the Roomba 600 Series

650.04 with

- Advanced Cleaning Head
- AeroVac™ Bin
- 7 day Scheduling

INCLUDES

- 1 iRobot Roomba 650.04
- 1 AeroVac™ extra filter
- 1 AeroVac™ Bin
- 1 Flat cleaning tool
- 1 Compact, self charging Home Base™
- 1 Rechargeable battery
- 1 Auto on Virtual Wall®

The iRobot® Roomba® vacuum cleaning robot removes dirt, debris and hair from all types of floors at the touch of a button.

Featuring iAdapt® Responsive Cleaning Technology, Roomba monitors the cleaning environment over 60 times per second, using multiple sensors and over 40 behaviours to maximise cleaning performance. It thoroughly cleans your carpets, hardwood, tile and linoleum floors, including in tight spots, under and around furniture and along edges.

The 600 Series delivers greater ease of use with superior hair handling ability – innovatively compositioned longer-lasting brushes handle fibres more effectively than ever, whilst AeroVac™ Technology maximises air flow through the cleaning head to pull debris off the brushes and into the newly designed larger bin.

The 650 can easily be scheduled to clean whenever you want – up to seven times per week, whilst the included Virtual Wall® barrier allows you to confine Roomba to specific rooms or areas before it returns to its Home Base™ to dock and recharge between cleanings. All you have to do is press “Clean” and let Roomba do the dirty work.

600 SERIES
Specificities

iADAPT® RESPONSIVE CLEANING TECHNOLOGY

Maximizes cleaning performance, using multiple sensors and over 40 behaviours.

ADVANCED CLEANING HEAD

Provides superior cleaning performance for picking up dirt, dust, pet hair, allergens and more from carpets and hard floors.

AEROVAC™ BIN

Employs a powerful vacuum to vigorously pull debris and hair off brushes into the bin.

SOFT-TOUCH BUMPER

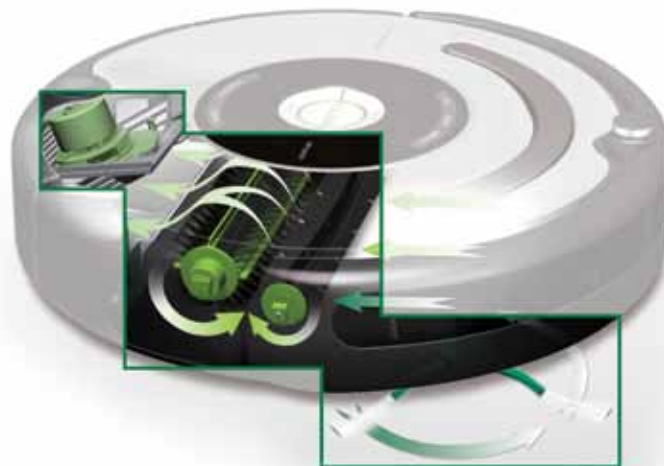

Cushions the contact made between the surface of Roomba’s bumper and walls, furniture and other objects in the room.

CONVENIENT CARRYING HANDLE

Includes a recessed one-hand carrying handle for easy one-handed transport of the Roomba from room-to-room or between floors.
